RE: ECMS: 92277
SR 28 Section A55
Allegheny County and Butler County

Dear Sir/Madam:

We wish to inform you of upcoming road work on **SR 28, Section A55**, relating to the above mentioned PennDOT project, and lasting through December 2018. The project consists of milling/excavating, patching, asphalt overlay, bridge resurfacing, structure repairs and other miscellaneous construction. The limits of the job are from approximately 50 feet north of the Butler county line south to the Creighton Interchange over Bailies Run Road. The project consists of work in both the northbound and southbound lanes.

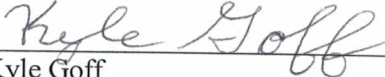

Short term weekday lane closures and long-term weekend closures can be expected from time to time throughout the project area on SR 28. Work will also be done on each of the following bridge structures and roads northbound and southbound:

- SR 28 bridge over Bailies Run Road
- Bakerstown Road bridge over SR 28
- SR 28 Bridge over Bull Creek Road
- SR 28 Bridge over Burtner Road
- Burtner Road at Natrona Height Interchange
- Sr 28 Bridge over Saxonburg Boulevard
- SR 28 Bridge over Bakerstown Road
- Bakerstown Road at Millerstown Interchange

All efforts shall be made to minimize disturbance to traffic flows but intermittent stoppages are likely to be encountered. We thank you for your patience.

We would like to request that you provide a contact person and phone number that may address any questions or concerns that may arise. Please contact Todd Moore at (412) 660-9010 to let us know who your company's contact would be.

Thank you,

Kyle Goff
Project Engineer
Lindy Paving, Inc.
