Planning Commission Meeting Minutes

Monday, June 4, 2018

In attendance:

Jason Paulovich      Ken Crisafio      Scott Slezak  
Tom Cajka      Gary Kesicki

The meeting was called to order at 7:02 pm by Mr. Paulovich.

JV Manufacturing will comply with recommendations supplied by township engineers. The Commission voted unanimously to approve land development plans for extension to pre-fab building at 10 Acee Drive.

Global Contacts LLC has been notified of several deficiencies in the plans for the Sunoco building at 3039 Freeport Road. After discussion, the Commission voted unanimously to table the plan until the July meeting. Compliant, updated plans must be submitted to our township engineer by June 18<sup>th</sup>. A building permit will be applied for as soon as possible to expediate the process. A request was made to have a sidewalk installed along Freeport Road at this site. This request is made of all properties being remodeled in that area. The sidewalk would be about 100 feet. The owner will consider this, but was concerned about maintenance of the sidewalk.

Old business: Update of the Comprehensive Plan

Lindsay Fraser reported on the progress of the Comprehensive Plan. At this time, all is in order, Ms. Pierce is waiting on the resolutions from the municipalities. Harrison Townships was decided on May 24, 2018. Tarentum and Brackenridge should be decided June 7, 2018. The award letter should then be issued. Tentatively, the Steering Committee would meet monthly. The committee is being selected and citizens of

interest are being contacted. Lindsay is designated as the facilitator. She will remind Tarentum and Brackenridge of the resolution requirement. A survey of possible dates and times for the meetings will be forwarded to the members of the Steering Committee.

The meeting was adjourned at 8:20 pm.

Respectfully submitted,

Jody L Lamison
